

June 10, 2021

Dear Residents and Responsible Parties:

Over the last 16 months, Holly Hall has connected residents with their loved ones over hundreds of video calls. This has been a vital service to provide to ensure both residents and families remained resilient during such unprecedented times.

We were thrilled to announce that we are alleviating visitation restrictions even more next week. Since visitors will not have to schedule appointments for in-room visitation, we will no longer offer video call appointments after Wednesday, June 30, 2021. You can review the entire updated policy on our Visitation Portal at hollyhall.org/visitation.

We appreciate your patience and support throughout the pandemic, and we hope to see you on campus soon.

Sincerely,

Mark Mullahy
CEO
